

Kean Heldrix A. Crispo

DICT III

DICT STUDENT

Trained Information Communication technology student. Adaptable in technological changes and are still learning in a wide range of hardware and software engineering, networking, operating systems and etc. Looking for a chance to manage a group of conscientious technicians and implement ticketing techniques to lessen employee dissatisfaction and boost productivity in the future. I tend to enjoy programming and overcoming challenges specially when it comes to designing or visual appearance of websites or when developing an application.
